

**PEEL™**

Design: Olav Eldøy.

**Based upon a balance principle.**

This is a sitting solution that is really unusual and designed to completely satisfy our innate need for movement and variation. With a footrest, half-open back cushion and height adjustable neck support Peel's™ comfort is obvious. It's also been specifically designed to enable you to recline without slipping forwards or backwards, whatever your size. Simply by gently altering your body weight through different sitting positions allows complete freedom of movement.

**Customer's own fabric:** 2,80 m

**Leather:** 4,9 m<sup>2</sup>

**Extra:**  
loop for the footrest.

**Respect for the environment:**

Using environmentally friendly materials and methods is a major priority for Variér®. We also attach importance to ensuring that the production methods are environmentally friendly.

**Materials:**

We use wood from farmed sources harvested using principles of sustainability. All the beech and oak we use comes from Europe. The walnut comes from North America.

**Fabrics and leathers:**

We offer fabrics of high wear resistance and classic appearance supplied by acclaimed European specialists (Kvadrat, Innvik, Gabriel) in more than 200 colours. We offer high quality semi-aniline leathers from European leather merchants applying eco-friendly production methods when developing raw hide into furnishings.

**Cushion:** Polyurethane foam.

**Guarantee 7 years/5 years.**

Variér® offers an extended 7 years guarantee on all wooden parts and 5 years on mechanical parts to customers who register their products in our product database. Variér's guarantee only covers manufacturing defects and does not include misuse, normal wear and tear and defects caused by exposure to sunlight. The guarantee will not apply if the customer fails to tighten screws as recommended and this results in damage to the piece of furniture.

**VARIÉR®**  
INTELLIGENT SITTING

**VARIÉR®**  
INTELLIGENT SITTING

We are created  
to move not  
to sit still

This also reflects our sitting philosophy. We have always focused on developing chairs that by letting you move provide well-being. When you move, you feel good. Both physically and mentally. As long as your body has a choice, it will choose movement over inactivity. Also when sitting.

That's why we have made it our mission to develop chairs based on the movement philosophy. These unique sitting solutions encourage dynamic and active sitting positions, which in turn provide maximum comfort and well-being while seated.

## PEEL™

To protect and embrace you. The design of the Peel™ was inspired by the shape and function of a falling orange peel. Its purpose is to protect its contents, to embrace and care for it. As soon as you cuddle up in the chair, you'll feel secure.

Peel™ is an elegant and comfortable piece of furniture, which comes in two mirrored versions. This makes it easy to place two Peel™ side-by-side. They look even more stylish when paired up!

The elegant footrest is somewhat higher than other footrests to provide optimum support in the most reclined position.

Peel™ is based on a balance principle where you use body weight to adjust the sitting position. With just a simple shift of your body weight, you can move into the next position – quite effortlessly! It's also been specifically designed to enable you to recline without slipping forward or backward.

Peel™ is literally an open design. The Peel™ shape lets in air along your back making the sitting experience even more comfortable. With the extra large, adjustable neck support, you can fall asleep knowing that you won't wake up with a stiff neck.

Individual adjustment according to weight. The new and patent pending movement system lets you adjust the resistance in accordance with the body weight, thereby supplying ultimate comfort for everyone!

Footrest with loop

TO PROTECT AND EMBRACE YOU

Peel™ II is the mirror image of Peel™. When placing the two Peels side by side, you will have a pair!
